

Evergreen Public Schools

Network/Internet Acceptable Use Agreement for **Students**

Dear Parents:

Your child has the opportunity to receive an electronic network account or access, and needs your permission to do so. Among other advantages, your child will be able to collaborate, engage and learn from digital resources through the Internet and other electronic information systems and networks. Internet allows your child to share information, learn concepts and research subjects. These are significant learning opportunities to prepare your child for the future.

With this educational opportunity also comes responsibility. It is important that you and your child read the enclosed informed consent form, school district procedures and other material, and discuss it together. When your child is given an account and password to use on the computer, it is extremely important that the rules are followed. Inappropriate use will result in the loss of the privilege to use this educational tool, and other disciplinary action if appropriate. Parents, remember that you are legally responsible for your child's actions.

Please stress to your child the importance of using only his or her account password, and keeping it a secret from other students. Your child should never let anyone else use his/her password to access the network. Your child is responsible for any activity that happens in his/her account.

We have established procedures and rules regulating the materials that students may search for on the network, but please be aware that there is unacceptable and controversial material and communications on the Internet that your child could access. It is not possible for us to always provide direct supervision of all students. We cannot filter material posted on network-connected computers all over the world; we encourage you to consider the potential of your child being exposed to inappropriate material in your decision of whether or not to sign the informed consent form.

We also reserve the right to review e-mail sent or received on the district system to improve student safety and system integrity, and you and your child must waive the copyright on any material posted through the network.

If you want your child to have the opportunity to receive an Electronic Network account (e-mail) or Internet access, please return signed informed consent forms to us as soon as possible.

Sincerely,

Evergreen Public Schools

Acceptable Use Agreement Individual User Access Informed Consent Form

In consideration for the privilege of using the network and in consideration for having access to the public networks, I hereby release Evergreen Public Schools and other intermediary providers, if any, and operators, and any institutions with which they are affiliated from any and all claims and damages of any nature arising from my, or my child's use, or inability to use, the district's network including, without limitation, the type of damages identified in the Evergreen Public School District's Acceptable Use Guidelines. Further, my child and I agree to abide by the District's Acceptable Use Agreement, which we have reviewed and understand, and we acknowledge that failure to comply with the guidelines and procedures may result in revocation of network use privileges. My child and I acknowledge and agree that Evergreen Public Schools has the right to review, edit or remove any materials installed, used, stored or distributed on or through the network or District's system including e-mail and other electronic messages and we hereby waive any right of privacy which my child or I may otherwise have into such material. My child and I acknowledge and agree that any copyright my child may have in material posted on the Internet through the school district's system is waived.
